

Waste & Recycling Guide

Valid from April 2011

Rivers Lee & Stort Hertfordshire to The Thames

This guide can help you locate waste and recycling facilities along the Lee and Stort Navigations.

British Waterways provide waste bins, marked with a  symbol. Also shown are third-party recycling points that are easily reached from the canal. Some are located with or near our own waste bins.

See the *Recycling Directory* on page 2 for details and directions.

How do I dispose of...?

Glass, Paper, Cans and Plastic

- There are convenient recycling banks all along the canal, see the directory on page 2

Household Items

- Sell them (e.g. Gumtree, Ebay, local listings)
- Give them away (e.g. to friends, Freecycle)
- Council sites (for recycling or disposal)
- Return electricals to retailers (WEEE scheme)

Oil

- Council sites (for recycling or disposal)
- Find a site: oilbankline.org.uk / 08708 506506

Bulky or Unusual Items

- Council sites (for recycling or disposal)

Refuse

- If it isn't possible to recycle your waste place it in a BW waste bin (see map for locations)

Did you know?

Fly-tipping costs **£250,000** and **4,000 staff hours** each year.

These resources would otherwise be spent improving the canals.

Fly-tipping is a criminal offence under Section 33 of the Environmental Protection Act 1990 for which the maximum penalty is an unlimited fine and/or five years imprisonment.

 There may be restrictions or fees associated with using the sites listed in this guide, remember to check before you visit. British Waterways cannot guarantee the accuracy of this information and is not responsible for third party sites.
